READING An online article

Before reading the text, you might want to teach the following words: *wheelchair, unlocked, nerve cells, balance, awards, tears.*

- 1 Tell the students to read the title and the first paragraph of the online article. Ask them to choose what they think the article is going to be about.

Answer

c

- 2 Tell the students to read the online article or play the recording (**Class CD 3, Track 4**) and tell them to follow in their books and check their answer to Exercise 1. Then ask them to copy and complete the sentences.

Answers

1. he was hit by a taxi (lines 4-5)
2. six months (line 6)
3. play Coldplay songs on the piano (lines 10-12)
4. he didn't have to concentrate so much when he played the piano (lines 27-28)
5. were excited (lines 34-36)

- 3 Tell the students to answer the questions.

Answers

1. He was walking home from a party. (line 4)
2. They send signals to each other and control our bodies. (lines 16-17)
